Guest Speaker - Wendy Green

Wendy Green, the Darwin school teacher who became a national headline when her horse **Rogan Josh** won the 1999 Melbourne Cup, is a natural storyteller and her involvement in the Cup, passion for the history of the race and appreciation of what it has delivered to her and her family make for a wonderful tale. My story is a story of how invisible women can take control and be successful against the odds.

*Light Breakfast & Raffles
A fantastic way to celebrate this day.*
